

Township of

West Caldwell

Mayor's Message of June 11, 2020

This is West Caldwell Mayor Joe Tempesta with a special public service announcement.

With the recent announcements from Governor Murphy allowing certain businesses and recreation activities to resume, we are happy to announce that the West Caldwell pools both Westville and Cedar Street pools, will be open this summer, full-time, beginning on Wednesday, June 24th. To account for the weekend days missed in June, we will also open weekends only in the month of September, post Labor Day weekend.

If you are interested, please submit your registration as soon as possible. Due to recent events, we have decided to continue the discounted early-bird rate indefinitely for the season.

Pool memberships are currently very low. If we do not have a significant increase in the number of memberships in the next two weeks, we may have to make the decision to only open one pool for the season. Our decision will be based on the number of memberships received by our opening date.

To register, you may visit the Township's website at www.westcaldwell.com and click on the Recreation tab at the top of the page. For additional information, you may contact the Recreation Department at 973-226-3621.

We have also made the decision to NOT offer our summer playground programs this summer. The amount of regulations for both the staff and the children attending make it difficult to insure the safety of all participants.

And finally due to the restrictions of 500 people gathering outside effective July 3rd, the 4th of July Fireworks celebration will be postponed to either Labor Day weekend or sometime in the fall.

Remember please be careful and social distance and wear a mask if at all possible and please enjoy the summer.

Thank you.
